

Pine Grove Area

SCHOOL DISTRICT

Library Science – Grade Two

Library Science and Information Literacy

November 19, 2009

I. PHILOSOPHY

The Library Science course of the Pine Grove Area School District has been structured to provide opportunities for students to attain information literacy skills and to foster a lifelong interest in acquiring knowledge. The school library must be a gateway to traditional and state-of-the-art information resources, which will stimulate intellectual curiosity and foster the development of critical thinking, problem solving, and decision making. The school librarian, working collaboratively, with teachers, administrators, and others, assumes a pivotal role in the learning community and directs the student-centered program.

II. CORE CONCEPTS

1. Information literacy: find, evaluate, and use information.
 - a. Identify the parts of a book
 - b. Using a shelf marker to find a book that is appropriate and of interest
2. Technology: utilize current technology to provide efficient access to and effective communication of information.
 - a. Identify circulation desk
 - b. Check in and check out procedure
3. Resource utilization: provide students with skills to properly access appropriate, accurate, and current resources in all formats.
 - a. Characteristics of fiction works
 - b. Characteristics of nonfiction works
 - c. Recognizing the purposes of both fiction and non fiction works
4. Literature: exposure to and appreciation of appropriate literature for both personal interest and learning purposes. (Author Studies)
 - a. Reading works by different authors and illustrators
 - b. Recognizing events and influences in the lives of authors and illustrators
 - c. Distinguishing features that makes the style of individual authors and illustrators unique
5. Independent learning skills: derive meaning from information presented creatively in a variety of formats
 - a. Identify what a library is and its purpose
 - b. Social responsibility regarding the care and borrowing of books

III. COURSE OF STUDY

- A. Course Name: 2nd Grade Library Science
- B. Grade Level: 2nd Grade
- C. Length of Course: *One year*
- D. Academic Level: 2nd Grade
- E. Credits: n/a
- F. Prerequisites: None
- G. Course Description: *Will introduce concepts and ideas and expose students to concepts of Information Literacy, Technology, Resource Utilization, Literature Appreciation, and Independent Learning. Emphasis will be placed on meeting students' academic abilities and learning styles.*

V. EXPECTED LEVELS OF ACHIEVEMENT

A. Students are expected to reach the proficient level of achievement in library. These skills include all of those noted in the specific content area of this curriculum.

B. Grading system this course is as follows:

Grading Scale	
S	Satisfactory
N	Needs Improvement
O	Outstanding

C. A student's grade will be determined at the conclusion of each marking period. Progress reports will be sent home at the mid-point of each marking period for those students achieving below 70%.
