U. S. Dept. of Agriculture

Attention Jack Kauffman:

We, the Pine Grove Board of Supervisors unanimously support the concept of a library and technology center. Throughout history, all great nations of the world have had libraries or cultural centers where even the most common citizens could avail themselves of enlightenment.

The proposed library/technology center is a futuristic design that will meet the needs of our ever evolving technology. It is truly an investment in our future.

Our township is experiencing very rapid growth; indeed, new construction for the first five months of this year has already surpassed the total construction for the previous year. The building of a library/technology center comes at a very opportune time.

We respectfully urge you to give you most favorable consideration to the Paraclete Foundation's application for funding.

Sincerely,

Pine Grove Township Board of Supervisors
Kathy Ferguson
Secretary / Treasurer
