

Pine Grove Area School District
2024-2025 Chromebook Protection Plan Agreement Waiver

Pine Grove Area School District recognizes that the distribution and implementation of student Chromebooks to be used at school and home requires a need to protect the investment by both the district and the student/parent. The parent/guardian will have the option to purchase a protection plan described below before the device is issued to the student. If the parent/guardian chooses not to purchase the protection plan, they must sign the waiver at the bottom of this form before the device is issued to the student. In the event of withdrawal for any reason, the device will be returned in the condition in which it was given. The parent/guardian will be responsible to reimburse the district for the value of any device that is not returned.

Protection Plan

A school district protection plan is available to cover the device's repair in the event of accidental damage. In the event of stolen Chromebook a police report must be filed to be classified as theft. The protection plan covers the device and the charger with proper compliance to the *Chromebook Care and Procedures (CCP) Agreement*. Any costs associated with lost, intentionally damaged equipment, or damage associated with failure to comply with the *Chromebook Care and Procedures (CCP) Agreement* is the responsibility of parent/student. If the device is damaged or is not working properly, it must be returned to the main office of their building for repair or replacement. The student and parent/guardian are NOT authorized to attempt repairs themselves or to contract with any other individual or business for repair of the device.

This plan includes one repair/replacement. Any subsequent incident that requires repair or replacement could possibly incur a charge.

This Chromebook Protection Plan Agreement, which must be signed each year by the parent/guardian and student, will be kept on file in the office of each building. A copy will be given to the parent/guardian upon request.

Waived Coverage

The parent/guardian agrees to pay for the repair or replacement of the device at a cost not to exceed the initial value of the Chromebook of \$325.00 should the device be stolen, lost, or damaged in any way. The replacement cost must be provided before an additional device is checked out to your student. **If the parent/guardian waives the Chromebook Protection Plan, the parent/guardian accepts full responsibility for any loss, theft or damage to the device and accessories while issued to the student.** In the event that the device is returned damaged, all costs and fees related to the cost of repair will be the responsibility of the parent/guardian.

Select only one option below.

_____ I agree to purchase the Chromebook Protection Plan under the conditions outlined above. I have attached a **\$20.00 CHECK** made out to **Pine Grove Area School District**, or I have included **\$20.00 CASH**. The cost is **\$15.00** for each additional child.

_____ I **waive** the option of purchasing the Chromebook Protection Plan.
