

Pre-K Counts

Activities for the Week of

5/26-5/29

Hey Cardinals!

We know that field day is a day students, staff, and volunteers look forward to each year and this year isn't any different. We may not be able to be together but we are excited to join together for a Virtual Field Day!

Check out the [Kick Off Video](#) to see some familiar faces and download the [Field Day Packet](#) to get started! Join your fellow Cardinals for live events throughout the week to celebrate all you have accomplished this year!

- Field Day Committee

ELA Activity: The Rainbow Fish

Goal: Students will listen to the story *The Rainbow Fish* and draw a picture of fish and other animals that live in the ocean.

Materials:

Paper

Pencils

Crayons, or markers

Directions:

1. Click [here](#) to listen to the story *The Rainbow Fish*
2. Draw a picture of the ocean with fish and other animals that you would find in the ocean

Math Activity: Counting, Adding, and Subtracting

Goal: Students will practice counting, adding, and subtracting fish and make their own math problem

Materials:

Paper

Pencil

Crayons, or markers

Directions:

1. Click [here](#) to practice counting, adding, and subtracting fish
2. On a piece of paper, pick a number between 1 and 10 and draw that many fish
3. Write the number of fish you drew on the paper

Science Activity: Bodies of Water

Goal: Students will learn about bodies of water and name one type of body of water.

Materials:

Directions:

1. Click [here](#) to learn about bodies of water
2. Name one type of body of water (examples: ocean, sea, river, lake)
