The Pine Grove Board of Directors reviewed your evaluation and district goals, we are pleased to inform you by vote your evaluation and district goals for the 2019/2020 school year were satisfactory. We also agreed with your request that all 3 Objective Performance goals be pushed to the 2020/2021 due to the COVID 19 pandemic and rapid change of importance within the school district. The Board is pleased to see the continued positive way the district is moving in during these ever change times under your guidance and direction. Looking forward to another fantastic school year!

Sincerely,

David T. Lukasewicz
President
