The Pine Grove Area Board of Directors reviewed your evaluation/district goals and we are pleased to inform you by vote your evaluation/district goals for the 2020/2021 school year were satisfactory. We have also agreed to your request for the continuation of your 3 present year objective performance goals due to the pandemic and 1 additional goal the Board added for the 2021/2022 school year. The Board has been pleased to see the district continued successes during the past pandemic school year under your leadership. Once again, we are looking forward to another great school year in 21/22!

Sincerely yours,

David Lukasewicz  
President  
Pine Grove Area  
School District
