Pine Grove Area Families:

The health, safety and security of our students and staff is my highest priority. I take very seriously our role in the protection of our most precious people. It is my hope that you believe and trust in our commitment.

The recent events surrounding the COVID-19 Coronavirus have made for difficult decisions on the national, state and local level. While there is an abundance of information available, guidance and direction have been limited. With that being the case, we are left locally with trying to make the best decision possible, in areas that are not part of our expertise.

After conferring with state officials, county superintendents and analyzing the best data available at this time, we will institute the following:

- Beginning Monday, March 16, 2020 all schools in the Pine Grove Area SD will be closed for two-weeks. Other than essential personnel, no one is to enter without approval of the Superintendent. Tentative Reopen date would be March 30, 2020.
- During the two-week break, the buildings will be thoroughly cleaned and then closed. For those essential people who are needed to clean and secure the buildings during that time, extra protocols will be in place to ensure contamination does not occur.
- No school events of any kind will occur during this period. They will be postponed when possible or cancelled, if that is the only other option.
- At this time, the makeup of school days will occur through the utilization of days at the Easter holiday and days added to the end of the year. This is subject to change should the Department of Education provide relief in some way. If so, our district will seek that relief whether it is in number of required days or hours.

During the two-week period, I highly recommend that students do not regularly leave their home, travel or place themselves in situations that promote the transmission of the virus. We ask that everyone follows the rules established for social distancing and the hygiene efforts that have been in place for some time.

Please know that this decision does not come without knowledge of the disruption this causes for our students, staff and families. It has not been taken lightly and weighs heavily. I recognize the burden this places on families. I am also saddened with the possible opportunities that are lost because of the

closure. It is only because of the possible health risks to so many that this decision, while difficult is being made. None of us want to be the one whose child is sick or whose grandparent becomes gravely ill. Mitigating the number infected is our main goal.

In a best case, the virus begins to fade, effects very few and we return to classes soon. The worst case scenario has played out across the world. We hope to reduce that likelihood.

My best wishes to you,

Heath W. Renninger
